

Upgrades every larder unit

The tray system perfectly combines comfort with a classic look. Practical details such as the versatile height positioning of the one-piece, easy-to-clean trays provide an ideal complement to the system's clean design that harmoniously adapts to every kitchen. Good to know: aKIS matches the design of the pro(arc carousel tray system).

aKIS larder unit tray

- Classic, timeless design, optional extras for customisation
- One-piece tray prevents stored items from falling out
- Easy to clean thanks to seamless design
- Hidden construction ribs provide high stiffness and solidity
- Slip-proof thanks to integrated non-slip foil

Finishes

- Larder unit tray: Aluminium grey*
- Accessories: Non-slip foil, Height-adjustable rail

1. Rails on either side of the tray are independently adjustable
2. Integrated non-slip foil

Tray with rail

Tray without accessories
