

Simple organic waste disposal

bioBin simply hangs on the outside of a cabinet door to capture your food waste, such as vegetable peelings, and then unhooks to store inside the cabinet when not in use. It's ergonomic and easy to use.

Bio waste container

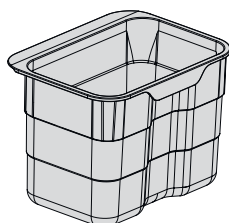

- Can be used in any kitchen
- Volume of 4.2 litres
- Hooks over the top of the cupboard door or wall-mounted (in combination with the bracket)
- Suitable for door thickness up to 24 mm
- Easy to close with hygienic lid
- Easy to clean
- Recyclable polymers
- Dishwasher safe

Finishes

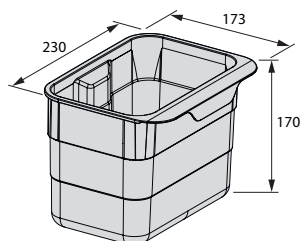

- Colours: Aluminium grey, Dark grey
